OBITUARY

M. Gilles Coulombe

It is with great regret that we have learned of the death of M. Gilles Coulombe.

M. Coulombe was forty-two years old and president of the firm Sogequa. He was active in the Association Québécoise de la Qualité and was past chairman of the Section Québécoise of the American Society for Quality Control.

M. Coulombe also played important roles on committees for the October Quality Forum and National Quality Month. His collaboration with members of the Montreal Section was always appreciated.

On behalf of the members of the Montreal Section, the Executive Committee extends sincere condolences to M. Coulombe's family, his friends and his employees at Sogequa.

Total Quality Management Workshop to be
held in Washington, D.C. area

Due to high interest and continued response, the Aviation/Space & Defense Division of ASQC will sponsor their fourth Total Quality Management (TQM) Workshop on June 11 and 12, 1990, in the Washington, D.C. area.

The workshop is intended not only to provide its attendees with a basic understanding of what TQM is all about but also to help them with specific guidelines in the development of a TQM plan for their individual companies.

Sessions will be targeted toward explaining the prime tools necessary for implementation of TQM as well as reports on several recent success stories.

The following presenters and their topics are scheduled to address the TQM Workshop: Aris Melissaratos, Westinghouse, "The Westinghouse TQM Success Story;" Frank Doherty, Department of Defense, "Integrating TQM in DoD Acquisitions;" Joe Katy, Director, Quality Assurance, RM & QA, Office of the Asst. Sec. of the Navy, Shipbuilding & Logistics, "Exemplary Facility;" Dr. Ron Geizer, Technicomp, "TQM Implementation: Training & Software;" Pat Weber, Lockheed Missiles & Space Co., "SPC;" Jim Callahan and Mike Sauthoff, Naval Ship Weapon Systems, "Avoiding Pitfalls of TQM Implementation;" Ross Bowman, Thiokol Corp., "Culture Change Tactics;" Jim Mayben, General Dynamics, "Concurrent Engineering;" Jim Naughton, GOAL/QPC, "Quality Function Deployment;" Steve Johnson, The Boeing Co., "Variability Reduction Program;" and Dan Callahan, Digital Equipment Corp., "Taguchi Methods."

The workshop is targeted towards representatives from companies supplying the armed services and the Department of Defense plus those concerned with maintaining the technological edge of today's global markets.

For more information on the TQM Workshop contact Helen Schneider, The Schneider Group, 6701 Sanger Avenue, Suite 106, Waco, Texas 76710 or call (817) 776-8098.
