CAREER OPPORTUNITY

QUALITY ENGINEER

Ross Laboratories, the Nutritional Products Division of **Abbott Laboratories Limited**, a world leader in the health care field has the following career opportunity available at its Brockville Manufacturing facility.

The selected candidate reporting to the Quality Assurance Manager will be responsible for the following:

- quality systems and documentation
- product improvement projects
- process validations
- calibration
- process capability and reliability studies

The successful candidate will supervise the documentation and Technical Services Specialist.

Candidate should possess a chemical engineering degree or a B. Sc. in one of the health or dairy sciences, and ASQC membership is highly desirable. Previous experience in the food or drug industry is an asset. Finally, computer programming and technical writing skills are a must.

We offer excellent employee benefits and career opportunity. Qualified applicants should forward a detailed resume outlining their educational and career background in confidence to:

Joanne Modafferi, Personnel Department, Abbott Laboratories, Limited, 6300 Cote-de-Liesse Road, St-Laurent, Québec, H4T 1Z1.

-----REMINDER-----

Wednesday, February 27, 1991
